

JEFFERSON COUNTY PUBLIC SCHOOLS
2022-2023 DIVERSITY INDEX BY CLUSTER
ELEMENTARY SCHOOLS (Grades K - 5)

The JCPS Student Assignment plan implemented in the 2012-13 school year uses multiple criteria to categorize the diversity in the district. Each United States Census block group in the district is defined as a Category 1, Category 2 or Category 3 by combining the median household income, the percentage of non-white population, and the average level of adult educational attainment in the block group to yield a single category. Each student is classified as Category 1, Category 2, or Category 3 based on the Category of the block group in which the student resides.

The diversity index of a school is calculated as a weighted average of the number of students in each Category. The diversity index of a school should be within the range of 1.4 to 2.5 (the “diversity guideline”). The diversity guideline of a school includes student enrolled in the English as a Second Language program; but does not include students enrolled in a self-contained Exceptional Child Education program. The diversity guideline does not include students in alternative or special schools.
